

Hinting at desire / looking at his body

1. "Walk around shirtless like that again and I'm going to forget we're supposed to be fighting, not... other things."
2. "You swing that sword the way you move your hips, or am I just imagining things?"
3. "Keep flexing like that and I'll start wondering how you handle yourself in bed."
4. "If you fight half as hard as you look, I'm in trouble... the good kind of trouble."
5. "Those arms... I bet you could pin me to a wall without even trying."
6. "You know what you're doing, wearing armor that tight. Don't pretend you don't."
7. "I can't tell what's more dangerous: your blade, or the way you look at me."
8. "You keep grunting like that when you fight, and I'm going to start getting ideas."

Very sexist/objectifying comments

1. "Strong, quiet, and easy on the eyes. Gods, you're practically built to be used."
2. "A man like you shouldn't worry his head with plans. Just let me point, and you go... hit things. Hard."
3. "You're big, you're tough, and you do what you're told. That's all a woman really needs in a man."
4. "You were made for this: carrying heavy things, killing what I tell you to kill, and keeping my bed warm."
5. "I don't need you to think. I just need you to obey and not break too quickly."
6. "Men like you are best when you're sweating, panting, and doing exactly what a woman asks."

More risqué / quite naughty, yet without describing an explicit act.

1. "I could climb you like a mountain and still not reach the top of everything I want from you."
2. "After we're done killing bandits, I've got a few... other ways you can tire yourself out."
3. "You look like you could go all night in battle. Think you can keep that up in a bedroom?"
4. "With that much stamina, it's a waste if you only use it on fighting."
5. "You're covered in sweat and blood... you have no idea how hard it is not to drag you somewhere private."
6. "If you keep growling like that in my ear, I'm going to make you put that tongue to better use."
7. "You keep saving my life like this and I'll have to pay you back in a way you won't forget."
8. "You really think I brought you along just to kill things? Oh no, I have far more... entertaining plans."

Mixing heroic praise with ulterior motives

1. "The way you stood between me and that draugr... I almost dragged you behind a pillar right then and there."
2. "You took all those hits for us. The least I can do is spend the night making you forget the pain."
3. "Sovngarde can wait. A man like you deserves a long, sinful detour first."
4. "If this is how you handle danger, I'm dying to see how you handle a woman who actually wants you."

Close female follower (there is already intimacy and sexual tension)

1. "You know, every time you step in front of me to take a hit, I start thinking of... other ways you could put that body between me and danger."
2. "We keep camping alone like this and one of these nights I'm going to 'accidentally' crawl into your bedroll."
3. "Do you ever get tired, carrying all that gear? No? Good. I have some extra... weight you can handle later."
4. "Watching you fight for me like that makes it very hard to keep my hands to myself, you know."
5. "You keep staring at me like that, and I'll make good use of that mouth of yours."
6. "When this is over, I don't want you gentle. I want the same man I see on the battlefield."
7. "You trust me with your back in a fight. Let me show you what else you can trust me with."
8. "We're both still alive after all that. I think we've earned a very long, very private celebration."
9. "When we make camp tonight, don't bother laying out two bedrolls. I'm not planning on sleeping alone."

10. "You keep protecting me like that and I'm going to spend the whole night on top of you, making you forget every wound."
11. "Stop teasing and take what you want already. I'm not following you across Skyrim just to watch you swing a sword."
12. "After that fight? You're not getting any rest. I want you breathless under me until the sun comes up."
13. "You think I'm blushing because I'm shy? No. I'm just deciding what I'm going to do to you when we're finally alone."
14. "Keep growling like that in my ear and I swear I'll ride you until you can't even lift that weapon tomorrow."
15. "You want a reward for saving my life? Fine. Tonight you don't sleep until I say you do."

Tavern owner (experienced, straight-talking woman; "sizes up" the PC like a piece of merchandise)

1. "You walk in here all tall, broad, and brooding and expect me not to stare? This is a tavern, not a temple."
2. "I've seen all kinds of men pass through that door. Not many make me wonder what they're like upstairs."
3. "You want a bed for the night, or are you planning to share mine and skip the fee?"
4. "You're dripping sweat and blood on my floor... and somehow I don't mind as much as I should."
5. "A man built like you shouldn't sleep alone. It's practically a crime against Skyrim."
6. "You look exhausted. I can think of a few... vigorous ways to 'help you relax' before breakfast."
7. "Careful, sweetheart. If you keep smiling at me like that, I'll lock the door and blow the candles out early."
8. "Ale, food, a warm bed... and if you're really good, maybe I'll throw something extra into the bargain."
9. "You didn't come all this way just for ale. Rent the room upstairs... and I'll come make sure everything is to your liking."
10. "You look like you haven't had a proper night in weeks. Let me fix that. I'll have you begging me not to stop."
11. "The way you're eyeing me from that stool... go on, pay for a room and I'll give you something worth remembering."
12. "You can drink yourself stupid, or you can let me drag you upstairs and wear you out the fun way."
13. "You want a discount? Impress me. If you can keep up with me in bed, we'll talk about lowering that price."
14. "Finish that mug and meet me at the top of the stairs. Knock twice. I'll handle the rest."

Dominant bad girl (aggressive, bosses him around, treats him like a useful object)

1. "Drop the hero act. You're big, dangerous, and stupidly brave. That's exactly the kind of man I like to use."
2. "You do what I say, swing that weapon where I point, and maybe I'll reward you with something better than gold."
3. "Look at you, all muscle and scars. Perfect. I don't need you to think, just to obey."
4. "If you fight for me half as hard as you try to impress me, we're going to have a lot of fun together."
5. "Don't get cocky. You're not special. You're just the strongest toy I've found this week."
6. "I could tie you up right now and you'd still look like you were born for it."
7. "Men like you are good for two things: breaking enemies... and whatever I decide to do with you after."
8. "Survive this raid, and maybe I'll let you find out what I do with my favorite 'captives.'"
9. "Drop the weapon and get on your knees. I want to see how well a big, brave hero can follow orders."
10. "You fight for me, you bleed for me, and when I'm done using you in battle, I'll use you in my tent."
11. "Look at you, still standing after all that. Good. I plan on breaking you in a much more entertaining way."
12. "You belong to me now. Your strength, your stamina, all of it. I'll take every bit of you, again and again."
13. "If you disobey me, I'll tie you up and make you beg for every second of attention I give you."
14. "Survive this, and tonight I'll push you past every limit you think you have."

Haughty noblewoman (arrogant; treats him like a glorified bodyguard or an expensive toy)

1. "You do cut quite the figure in armor. Almost makes me forget you're just hired muscle."
2. "Stand a little closer. If I'm going to drag a man around as protection, he might as well be pleasing to look at."
3. "You are here to serve, remember that. How I choose to make use of you is entirely my decision."

4. "A commoner with a body like that... perhaps the gods aren't entirely tasteless."
5. "I could have a dozen knights at my side, yet I chose you. Try not to disappoint... in any regard."
6. "You take orders well. I wonder if that obedience holds up when the doors are locked."
7. "Think of yourself as an... ornament. Dangerous, loyal, and exactly where I want you."
8. "If you keep throwing yourself between me and danger like that, I might have to reward you... extravagantly."
9. "You exist to serve me. On the road, in battle... and in my chambers when I call for you."
10. "When we return to my estate, you will come straight to my room. I want to see how well my 'bodyguard' performs in private."
11. "You are mine to command. If I decide to keep you in my bed all night, you will not complain."
12. "A man like you shouldn't waste his talents. I intend to make full use of your... endurance."
13. "Guard me today, exhaust yourself on me tonight. That is your duty."
14. "If you impress me, I might let you stay in my bed instead of at the door. But only if you do exactly as I say."

10. "You don't just talk like a man, you act like one."
11. "Keep looking at me like that and I'll have you flat on your back before you can draw that sword."
12. "You didn't think I was following you just for the adventure, did you?"
13. "Once this is over, I'm taking you somewhere quiet and I'm not letting you walk straight tomorrow."

17. "Forget the inn. We don't need a bed to do what I have in mind."
18. "You're covered in sweat and still standing... good. I'm not done with you yet."
19. "You think I'm impressed by your sword? Wait until you see what I do to you without one."

28. "If you walk into my room after dark, don't expect to leave until the sun's already high."
29. "Careful. Keep showing off like that and I'll climb on top of you the moment we're alone."
30. "I don't just want you. I want you exhausted, shaking, and begging me for a break."

Compliments that are more "sexist"/stereotypical, yet still positive

1. "Fighting, bleeding, carrying everyone's burdens... that's a man's work. And you do it well."
2. "It's good to see a man who knows his place: out front, taking the hits for the rest of us."
3. "A man should protect, provide, and persevere. You seem to have all three covered."

5. "Let the women handle the gossip. You just keep swinging that sword."
6. "You talk less and do more. That's what I like to see in a man."

7. "I'll handle the details. You just break things and kill whatever's in the way, alright?"
8. "Leave the worrying to me. A man like you should focus on fighting."
9. "You were born to stand between danger and everyone else, weren't you?"
10. "The gods made men broad-shouldered for a reason. And you're living proof of it."

Flirty remarks / light flirting

1. "With muscles like that, it's a wonder you find time for anything but training."

7. "You're making it hard to focus on the quest when you keep looking like *that* in armor."
8. "You keep taking all the hits for us... what am I supposed to do, *not* be impressed?"

More "Nordic/Skyrim"
