~~Season Unending~~ (including this because it is the most common way to continue the main quest unless the civil war is resolved)

~~Convincing Tullius/Ulfric~~

~~you~~ – Be the bigger man, like I have heard you are and attend the peace council.

~~Tullus/Ulfric~~ – Why should I? There is nothing to be gained.

~~You~~ – Isn't stopping the blood for awhile enough? If not it makes you look good to the people of Skyrim that you are willing to talk instead of spend their blood. Not to mention I would be willing to show my appreation as well.

~~Tullus/Ulfric~~ – Perhaps you have a point, it wouldn't hurt for everyone to know even the Dragonborn submits body to me. (which leads to them agreeing to attend the council and having sex)

Repentance

Help Illia reach her mother and kill her mother. After her normal dialogue is finished there is bonus.

you - How do you feel?

illia - Better knowing I stopped even more evil, would... no I can't ask.

you - What? Is something wrong?

illia - No I was just thinking I would like to perform a cleansing ritual, to remove the taint of this play.

you - What do you need to do this ritual?

illia - Just you, it is a sexual ritual, it channels our sexual energies at climax to cleanse the area.

you - Sounds like fun, just tell me what to do. (which leads to sex)

The Pale Lady

After completing the quest if you go Moorside inn in Morthal, you will find Eisa there assuming she survived earlier.

you - It is done, Ra'jirr wasn't crazy. He was right a great evil had been set loose.

Eisa - What! Are you sure?

You - Yes I arrived to late to save Ra'jirr but he weakend the Pale Lady enough to let me defeat her and seal her away again.

Eisa - Poor Ra'jirr, I should have listen to you I suppose. Why couldn't you have just left with me you damn cat.

you - He fought and died bravely, I am sure he did it for you as much as himself.

Eisa - *laugh* Yeah he might have, I'm sure going to miss that damn cat.

you - Well I will let you be, I just thought you should know.

Eisa - No wait, I don't want to be alone. Come back to my room with me.

you - Lead on. (which leads to Eisa leading you to the room that normally gets rented by the PC and sex happening)

The Savior of Selveni Nethri

Once you have rescued her. Once you tell her the way is clear the dialogue doesn't end.

you - I hope you find your daughter some day, but perhaps a reward is in order.

Selveni - I would love to, but I have nothing to give you.

you - I can think of one thing you could use to pay me back.

Selveni - I... very well, I suppose you earned this. (which leads to sex)

Yngol's Barrow

optional way to obtain the claw.

you - I don't know that's a bit more gold than I care to spend on the thing.

Birna - Can't say I blame you, though if you are interested in working out a trade I might have something in mind.

You - What's that?

Birna - Well I bought this other object from a Khajiit Caravan some time back and I have been dieing to try it out. If you agree to let me try it, you can have the claw.

You - Sounds interesting, though what does this thing do?

Birna - It is a a object secured in a harness I can wear, that lets me be the man. They called it a strapon.

you - Hell no, I got the gold. (lets you buy it as normal)

you - Sounds fair enough, get that thing strapped on and lets get to it.(leads to sex where she uses the strapon on you)

you - Hell no, I don't want the claw that bad.

Birna - Well if you change your mind let me know.

The Blessing of Nature (recommend only for male characters)

If you return with the sap or sapling to Whiterun and give it to Danica.

You - I hope this will work.

Danica - It will but I would ask you to help me perform a rite of renewal to help it grow faster.

You - I would be honored to help, what do you need.

Danica - Meet me at the Gildergreen.

Danica will then head to the Gildergreen, assuming you did not talk to her sitting next to it. Once at the tree you can talk to her again.

You - Ok tell me what I need to do.

Danica - I need you to lay with me by the tree so our energies infuse the Gildergreen.

You - I would be happy to.

Danica - Kynareth hear our prayers and bless this tree. Take our offering or renewed life and infuse the Gildergreen with it. (at this point it triggers vaginal sex)

Lost to the Ages

The Tonal Lock

After having meet Katria's ghost earlier and getting to the end and getting the first Aetherium shard. More dialogue added before the conversation ends at the end.

Katria - *"We still have to find the Forge itself. I had a lead on that, too. There's so much to do. I'm going to head out and start tracking things down. We'll meet again, I'm sure of it. For the first time in a long while, I think I - we - may actually be able to do this. And... and I owe it all to you. Thank you."*(normally she disappears at this point to meet you later in the quest, instead there is more dialogue options)

You - Don't worry Katria, we will find the rest of the shards and the forge it's self. I will make sure you get the proper credit.

Katria - **Seems to flash briefly and then look a bit more solid*(a flash effect with the dialogue explaining it, bonus if you can make her a little more solid looking than other ghosts) Thank you friend, I just want to see this through till the end.*

You - Katria you flashed and look more solid **reaches out to touch her** and you feel more solid.

Katria - **moans softly at the touch* I... I'm sorry. I just forgot what it felt like to be touched, but your right. I even feel more... like my old self.*

You - No need to be ashamed, I am sure it is natural for anyone in your state to long to remember what it felt like to be touched or held. To feel your flesh against anothers.

Katria - ... Yes I suppose your right, still I have not felt this way in a long time and can do nothing about it. Not sure if this is a blessing or a curse.

You - Maybe we can do something about it, you're beautiful Katria even as a ghost. I am willing to try if you are.

Katria - You would? Ok I want to try, I want to know what it feels like to be living again if only for a moment. (at this is triggers sex and once the sex is finished she vanishes with out another word)

The Aetherium Mine, Site and Storage.

When you go to the first one and you see Katria reappear for the first time since the last encounter, after she says what she normally does, but before she disappears again.

You - What happened, last time I mean. Did I do something wrong?

Katria - What? No no not at all, it ... it was just so overwhelming to feel those sensations again. It wasn't the same as when I was alive but it was close, I hope you enjoyed it too.*looking unsure*

You - Yes oh yes I did, it was ... different. Like you said not the same as normal, but good.

Katria - Good, I'm glad. I... *smiles* I would like to do it again.

You - So would I. (which leads to sex again, after sex a short dialogue appears)

Katria - I need to go, I will see you at the next shard. (then disappears.)

At the other two shards, once finished with vanilla dialogue but before she disappears again.

Katria - I'm ready for another go if you are.

You - Oblivion yes. (which starts sex again, with Katria disappearing once it is finished)

The Aetherium Forge

Once you have used the Forge, Katria will bid you farewell: Vanilla test will be in italics.

Katria - *"And with that... it's done. No one could possibly deny what we've found now."*

You - Yes and the world will know thanks to you.

Katria - And you as well, I couldn't have done this with out you. Thank you for that and... everything, but I have to go now. I will miss you.

You - Before you go, one last time?

Katria - For you? Of course. (which leads to sex, after sex dialogue resumes)

You - What about you? Where will you go?

Katria - She will then start to fade, saying: *"For me? I've done what I set out to do. But you... take that out into the world. And if anyone asks, tell them what we discovered. Together. And now... I think I can rest. Farewell, my friend, wherever your travels take you."* Before she disappears completely, she will kneel before you, respectfully.

A New Order

Gunmar and the bear. This one mixes in with the normal dialogue, vanilla dialogue with be in italics.

Gunmar - *"By the Eight... All right, look. I'll consider it, but I can't just leave this bear to prey on more innocent people. Once it's dealt with, then perhaps I'll see what Isran expects of me."*

You - So you can see the rush, why don't you leave the bear for the guards, a hunter or some other adventurer?

Gunmar - And if it kills someone before then? No I can't let that happen.

You - That is noble of you, ok lets go kill a bear then. (which starts the kill the bear part of the quest.)

Once the bear is dead and Gunmar says he will head back, the conversation doesn't end.

You - You know I didn't realize how big you was. When that bear reared up, you was nearly as tall as it was.

Gunmar - Ha! Not the first time i have heard that and my height is not the only thing as big as a bear, though they normally say I am more like a horse.

You - A horse? Wha... oh... OH! I see, well that must be a impressive sight to see.

Gunmar - Well take a gander then. (if possible script it so he undresses but stays flaccid. Bonus if you can script SoS to give him a max size schlong)

You - By the nine. You could beat someone to death with that thing. How could you even get that to fit?

Gunmar - Let me show you.

You - No I don't think so, maybe later. (which ends the conversation and has him redress. If you talk to him later you can tell him your ready to let him show you and it triggers sex then)

You - Well ok but be gentle with that thing. (which leads to sex)

If you speak to him later in the fort after having sex the first time.

You - I think you ruined me for other men, I'm still walking funny.

Gunmar - Haha. If I had a gold for every time I heard that I would be a rich man indeed. If you want another go I am always willing.

You - No once was enough. (which ends the conversation)

You - Yeah I would like that. (which leads to sex)

Touching the Sky

Talking to Knight-Paladin Gelebor, you can remind him how lonely he is, not to mention how long it has been since he last had sex.

You - You've been here since your people were blinded and alone.

Gelebor - Yes though I was not alone at first, but it has been a very long time since anyone but I was left.

You - Still you have been alone for years, how can you stand to be alone that long. Not to mention no sex, I am surprised you can walk or at least you don't have a permanent hard on.

Gelebor - Yes well it is not that bad, but I try not to think about it.

You - How could you not? I would go mad if I went that long with out sex.

Gelebor - Because there was nothing I could do about it, you seem very interested. If you are so concerned perhaps you should let me satisfy my needs with you. If not then I suggest you let the matter drop.

You - Ok ok... sorry, consider it dropped(ends conversation)

You - Who wouldn't, this is perhaps the biggest sympathy fuck of all time. (which leads to sex)

Feeding the Addiction

A optional way to convince Geldis to let Bralsa drink.

You - We all have our vices, why not let her enjoy her's? Maybe I can help you with one of yours.

Geldis - I suppose you have a point, it's been a stressful week. I could really use a blow job, you do that for me and you can tell Bralsa she is welcome here again. (leads to BJ animation and same as if you had succeeded in one of the other ways)

First Edition

Extra reward for completely the quest. Extra dialogue after the quest is completed.

You - I must admit, I couldn't help but read parts of the book. Some erotic stuff in there.

Cindiri - Oh yes, I couldn't agree more. Some see it as a perversion but I see it as art.

You - Only those that don't understand the pleasures of the flesh. One day I hope to find another fan that would like to role play out parts of the book.

Cindiri - Oh! That sounds exciting indeed, I would be more than happy to do that with you.

You - You would? How about we start at the beginning then. (which leads to sex)

After doing the following you can come back to her for repeats.

You - Interested in reacting the next part of the book?

Cindiri - I have been waiting for you to ask me that. (leads to sex)

Paid in Full

Once this quest is complete if you get the letter in the basement that tells how Glover is Sapphires father and you go back and see her and let her know. After the normal conversation with her and getting the reward.

You - I am glad I could help, if there is anything else I can do to help let me know.

Sapphire - Yes don't go, I could use some company tonight. (which leads to sex as a bonus reward)

Convince Nikulas to stay in Skaal Village

This is a alternative method of bribing him to stay.

You - Your mother needs more time and you are so young. Barely old enough to have known the warmth of a woman's touch. Don't be to eager to risk it all, you should enjoy your chance to woo the girls of the village.

Nikulas - That is part of why I want to go, they girls barely pay me any mind.

You - They are foolish young things and don't see the man you will become, but I do. Come lay with me and once they have seen that. They will know there is something special about you and trust me. They will all be wanting to figure out what that is.

Nikulas - Truly? You want to lay with me? I can't wait, should we go somewhere more private?

You - Calmly not to eager and come with me. (you lead him away to have sex, counts as if you have used one of the other methods to make him stay)

Filial Bonds

This one might not be possible as it makes an encounter that is normally auto hostile not hostile. But if it is doable I am listing it here.

Once Torkild turns into a werebear instead of going auto hostile the conversation keeps going.

Torkild - I can't control myself, my animal nature is taking over. Run!

You - Torkild, focus on my voice. I can help you, there are other ways to satisfy your animal nature other than killing. Slake your lust on me. (which leads to sex while he is in werebear form, afterwards he transforms back into human form and the conversation starts again)

Torkild - Thank you, I don't know what to say. You're right that helped, perhaps in time I can control this but the others must not come look for me. Go to my brother and take this later. Tell him I am dead please!

You - Very well, I will do as you ask. I hope in time you can control yourself and be able to return to your people. (you get the letter and go back and finish the quest as normal telling his brother you killed him)

A New Source of Stalhrim

If you decided to talk to Ancarion instead of fighting him. This replaces and changes part of the final dialogue option will list vanilla in italics.

You - You want Stalhrim weapons, and I think I can help you get them.

Ancarion - Here to make me an offer, then? Very well, what do you have in mind?

You - The smith said he'd teach me how to make Stalhrim weapons.

Ancarion - And you will sell them to me. I suppose I'll have to give you the map first?

*You - Yes, otherwise he'll teach me nothing. You can trust me. **(Persuade)*** (normally this is a hard persuade check, instead it leads to new dialogue that auto passes)

Ancarion - How do I know I can trust you?

You - Name anything and I will do it.

Ancarion - Anything? Very well submit your body to me and prove your loyalty.

You - No. (counts as if you failed the persuade)

You - As you wish my lord. (which leads to sex and completing this part of the quest)

A New Debt

Once you are told by Mogrul that you have Drovas debt you have a new way to pay off the debt. I have a simple idea and a complicated one for this quest. Not sure how easy the complicated one would be to do, it is to me more immersive but might be too hard to do.

Simple solution

You - I don't have the gold, perhaps we can come to some sort of arrangement?

Mogrul - What do you have in mind?

You - How about I let you fuck me and you forget the debt, you will never collect it all and this way you save face and get to collect something.

Mogrul - Alright fine, but don't expect me to be gentle and I'm fucking you right in front of everyone so they know. (leads to rough sex right there, counts as debt is paid)

Complicated solution

You - I don't have the gold, perhaps we can come to some sort of arrangement?

Mogrul - What do you have in mind?

You - How about I let you fuck me and you forget the debt, you will never collect it all and this way you save face and get to collect something.

Mogrul - Do you take me for a fool? No one is worth one thousand gold.

You - Ok how about I have sex with you a few times?

Mogrul - Tell you what, I will knock off one hundred gold each time I get to fuck you until it is paid off. Oh and don't expect to enjoy this either. (lets you pay the debt off slowly over 10 times, but otherwise like above)

Old Friends

When in the tower and you rescue Niyya you can ask her for a extra reward before she leaves.

You - I played on killing Ildari but not to make her suffer, that seems a bit harsh.

Niyya - She deserves a lot worse, but if that is not reason enough to do it. I am sure I can offer you something to make it worth your while.

You - What do you have in mind?

Niyya - Let me show you. (which leads to sex before she leaves the like in vanilla)

Again there wasn't many that had situations that felt like sex would fit in. With how Neloth talks I just can't see him bribing with sex or demanding it, as I think he would see the PC as unworthy. So these where to me the only ones that fit.

The Fate of the Skaal

After you finish this and talk to Storn and he tells you all is free, you can go back and talk to Frea for a special reward.

You - You're people are free now.

Frea - Thanks to you, I would like to show you our gratitude. Come with me and share my furs with me.

You - No thank you. (ends this)

You - I would love too. (counts as if you had started sex and said lets go somewhere private, talk to her again at any point and say this looks good enough to start the sex)

Once finished you can return to Frea for more.

You - How are things my snow princess.

Frea - I am no such thing, but we are fine. Thanks to you.

You - You are more beautiful than any princess and as fair as fresh fallen snow. So to me you are my snow princess.

Frea - I see you are as skilled with words as you are in battle, I am yours for the taking. (which leads to sex like above.)
